Dear Hiring Manager,

I'm excited to be applying for the Bank of America Spring Diversity and Inclusion Forums hosted by Bank of America. As someone who has experience in the financial services industry, I am interested in expanding my knowledge on how I can apply my skills effectively in this field. I'm thrilled at the opportunity to dive deep into specific business areas and to develop relationships with professionals.

During my previous role as an intern at Visa, Inc., I was in constant contact with colleagues with which I needed to be able to discuss projects at a high level of comprehension. I was instrumental in testing the transferring of all HFS data sets to zFS data sets on all 50+ mainframes at Visa, Inc. where I learned how to trace and log errors in a mainframe environment.

I am currently a Supplemental Instructor for my college's Data Structures and Analysis course. Such a position has encouraged me to completely and deeply understand concepts that deal with basic data structures as well as time and space complexity so that I may clearly explain said concepts to students.

Thank you for your time and consideration. I'm looking forward to learning more details about the Bank of America Spring Diversity and Inclusion Forums. I'm excited about the opportunity to learn how my unique range of skills may more effectively be applied to the financial services industry, and I'm eager to demonstrate my interest for a position at Bank of America.

Sincerely,

Hunter Chambers
